Dear PGA TOUR Americas Members:

Welcome to PGA TOUR Americas. This directory was compiled to assist you in your preparation for a season on PGA TOUR Americas.

The Player Handbook includes a 2025 Tournament Schedule and covers such topics as special event eligibility and special awards.

The Tournament Regulations are the guide to specific rules pertaining to PGA TOUR Americas play. We have incorporated changes made to the Tournament Regulations since last season into this season's book. In addition, the index provides quick reference. I encourage every member to become familiar with these rules, as they are the final authority on the operations and policies of PGA TOUR Americas.

Best wishes for a successful 2025 season!

Jay Monahan
President
PGA TOUR

SIGNIFICANT CHANGES FOR THE 2025 SEASON

Additions and Modifications to PGA TOUR Americas Segment I Eligibility are as follows:

- The Latin America Amateur Champions, starting in 2024, will be provided a one-time exemption to Segment I in the first full season they turn professional
- The top three (3) finishers from the Americas Region on the prior year Global Amateur Pathway rankings will earn exempt status on Segment I
- Additional finishers from the Americas Region on the prior year Global Amateur Pathway rankings will be conditional member(s) on Segment I
- Remaining Finishers from Final Stage will be combined into one exempt category
- The Next 10 Finishers and Ties at 2nd Stage of PGA TOUR Qualifying Tournament after those who advance to Final Stage will earn conditional status for Segment I
- Top 80 Finishers from the previous season of PGA TOUR Americas will be exempt members on Segment I
- Finishers 81-100 from the previous season of PGA TOUR Americas will be conditional members on Segment I

Professional-Amateur Competitions

- Professional-Amateur Competitions will now be built using the PGA TOUR Americas Fortinet Cup Points instead of the individual segment points lists.
- Events without an established points list will be built using Prior Season Tournament Winners, Prior Season Top 80 and additional members by order of the priority ranking.
- Members will be placed in the Pro-Am using their preferred time (Early AM, Late AM, Early PM, Late PM) provided to the competitions team via membership applications.
- Preferred times will be given to members in the order of their standing on the season long points. For events without an established points list, preferred times will be given by priority ranking.
- See pg. 64 for the full structure of pro-ams
- Members who take up membership at the start of the year will now make a one-time payment of \$550 USD which cover dues for Segment I and Segment II. There will not be an additional fee in Segment II for members who play Segment I. Membership benefits will be retained for the full calendar year.

- The Mobile and Electronic Device Policy has been updated. These revisions will more accurately reflect how these devices may be used prior to, and during a competition. The revised policy has been amended in the regs book and players are encouraged to become familiar with the policy.
- Amateurs will be included in the cut beginning in 2025, aligning with the PGA TOUR and Korn Ferry Tour Policies.
- Additional Open Qualifiers - If needed to fill the field to 132, additional open qualifying spots will be added at said Open Qualifier. These spots will only be added if the starting field is below 132 committed players.

Additionally, commitments can be made by 800-742-2244 telephone service to PGA TOUR Headquarters within 30 minutes after the completion of play on Friday of the week preceding the tournament.

While advance commitments may be made at any time, the deadline for all players to commit to PGA TOUR Americas cosponsored events shall be 5 p.m. (Eastern Time) on the Friday of the week prior to the tournament, provided, however, that any Americas member or nonmember eligible for an Americas event by reason of finishing in the top 10 for 144 player fields and top 25 for 156 player fields of the previous event see Article III, Section A.1(o) and Article IV Section A.1(j) and the winner of the previous week's event may commit for the next event by notifying the PGA TOUR Americas Chief Referee on site at the event where such person won or finished in the top 10/25 within 30 minutes after the conclusion of such event.

NOTE: At official money tournaments, a member who failed to commit to the tournament by the commitment deadline and who would not have been part of the eligible field at such deadline may accept an unrestricted sponsor exemption after the deadline.

A player must register personally at the tournament site prior to any practice or pro-am round at the tournament course or in any case by Tuesday at 5 p.m. local time. Players may request permission for late registration, provided such request is made to a PGA TOUR Americas tournament official on-site by 5 p.m. local time on the day of such deadline. Failure to register (or request late registration) as specified will result in disciplinary action. Furthermore, a player failing to register prior to his first tournament round shall be ineligible to participate in the tournament unless satisfactory evidence of mitigating circumstances has been provided to the Chief Referee.

NOTE: A dual-committed player may play in the PGA TOUR Americas pro-am while remaining an alternate for that week's Korn Ferry Tour event. However, a player must complete his pro-am round prior to accepting a place in the starting field of that week's Korn Ferry Tour event.

PGA TOUR POLICY FOR PAYMENT OF PRIZE MONEY TO PLAYERS WHO MAKE THE CUT BUT ARE UNABLE TO COMPLETE THE TOURNAMENT

Any professional who is disqualified or withdraws for any reason from an official money tournament after making the cut shall be paid last place, unofficial prize money. A professional who begins play at an official money event without a cut and is disqualified or withdraws for any reason shall be paid last place, unofficial money.

Fortinet Cup points are distributed to players earning official money. Players who are regular members of the PGA TOUR Americas and players who are non-members (as defined by PGA TOUR Americas tournament regulations) will be listed on the "Fortinet Cup Points List." Any players earning official money

FORTINET CUP POINTS SYSTEM

FORTINET CUP POINTS SYSTEM

The Fortinet Cup Points System is a season-long system in which players accumulate points in each eligible official money event.

FORTINET CUP POINTS DISTRIBUTION

- Official PGA TOUR Americas events each award 500 points to first place.
- The Fortinet Cup Championship will award 600 points to first place.

Fortinet Cup points are awarded by finish position as defined in the point distribution tables. Limited field events during the season will not redistribute the points for places that do not play. For example, if an event has a field size of 50 players, the points awarded will be based on the points that would be awarded to each individual position in a full-field event from positions 1 to 50. This will result in points that would have otherwise been awarded from positions 51 to 60 not being awarded in the tournament.

POINTS DISTRIBUTION BY FINISH POSITION

The table below shows the rounded number of points awarded to each position in each of the two types of PGA TOUR Americas events.

Position	Official Season Events	Fortinet Cup Championship
1	500.000	600.000

Ties – Points will be distributed to those in tying positions using the same method currently used to distribute prize money when there is a tie. That is, the total points for each tying position will be averaged and that average will be distributed to each player in the tying position.

OTHER NOTES

Fortinet Cup points are distributed to players earning official money. Amateurs will not be eligible to earn Fortinet Cup points. For example, if an amateur finishes 3rd at an event and a professional finishes 4th, the professional will receive 4th place points – 3rd place points will not be awarded at all.

Fortinet Cup points will be awarded at official PGA TOUR Americas events where official money is earned. For example, if an event is shortened to 36 holes, it is listed as an unofficial victory but awarded official money, so it would award Fortinet Cup points.

All Fortinet Cup points will be calculated out to three decimals.

The IGF publishes this policy ("Nationality Policy") as it pertains to matters relating to the determination of the country which an Athlete may represent in an International Golf Competition listed below, and from time-to-time will advise sanctioning organizations of International Golf Competitions as to guidelines and standards on making determinations on an Athlete's nationality.

Each sanctioning organization has adopted the Nationality Policy and shares decisions based on nationality with the IGF and other sanctioning organizations. All matters relating to the determination of the country which an Athlete may represent in an International Golf Competition listed below shall be resolved by the sanctioning organization for that event, in its sole discretion.

II. INTERNATIONAL GOLF COMPETITIONS

For the purposes of this policy, International Golf Competitions are as follows:

III. NATIONALITY

An Athlete will be considered a national of a country if the Athlete is a citizen of the country, as defined by the laws of such country.

An Athlete who is a national of two or more countries at the same time may represent either one of them, as the Athlete may elect. However, after having represented one country in an International Golf Competition, the Athlete may not represent another country unless first meeting the conditions set forth below that apply to persons who have changed their nationality or acquired a new nationality.

An Athlete who has represented one country in an International Golf Competition, and who has changed nationality or acquired a new nationality, may participate in another International Golf Competition representing the new country provided that, as of the start of the qualification period for such event, at least four years have passed since the Athlete last represented his/her former country. This period may be extended, reduced or even cancelled, with the agreement of the sanctioning organization, which takes into account the circumstances of each case and any applicable guidelines and standards provided by the IGF.

If an associated state, province or overseas department, a country or colony acquires independence, if a country becomes incorporated within another country by reason of a change of border, or if a country merges with another country, an Athlete may continue to represent the country to which the Athlete belongs or belonged. However, if the Athlete prefers, the Athlete may elect to represent the new country. This particular choice may be made only once for any other International Golf Event including future Olympic Games.

Furthermore, in all cases in which an Athlete would be eligible to participate in an International Golf Competition, either by representing another country than his/hers or by having the choice as to the country which such Athlete intends to represent, the sanctioning organization may take all decisions of a general or individual nature with regard to issues resulting from nationality, citizenship, domicile or residence of any Athlete, including the duration of any waiting period, taking into account the circumstances of each case and any applicable guidelines and standard

IV. COUNTRIES AND CONTINENTS

For the purposes of defining a country (or territory, if applicable) of which an Athlete is a national, the current list of National Olympic Committees as recognized by the International Olympic Committee will be used. For International Golf Competitions other than the Olympic Games and Youth Olympic Games, England, Scotland and Wales will be considered to be separate countries.

Croatia	Ireland	The Netherlands	Turkey
Cyprus	Israel	Norway	Ukraine

V. RANKINGS

An Athlete should ensure that his/her nationality is correctly listed on the appropriate world golf ranking system. For women’s International Golf Competitions, this shall be the Rolex Women’s World Rankings. For men’s International Golf Competitions, this shall be the Official World Golf Rankings. For the purposes of applying this policy, the Athlete will be presumed to be a national of the country listed on the appropriate world rankings system, subject to verification in accordance with this policy. Any decisions taken related to an Athlete’s nationality in accordance with this policy shall be referred by the IGF to the appropriate ranking system, who shall display the correct nationality of each Athlete within the rankings.

An Athlete eligible to participate in an International Golf Competition by representing another country to the one previously represented (by either changing nationality or acquiring a new nationality) in accordance with this policy will only be eligible for International Golf Competitions for which the qualification period has not yet started, unless otherwise allowed by the sanctioning organization.

An Athlete eligible to participate in an International Golf Competition by having the choice as to the country which such Athlete intends to represent in accordance with this policy will only be eligible for International Golf Competitions for which the qualification period has not yet started, unless otherwise allowed by the sanctioning organization.

An Athlete who changes his nationality for an International Golf Competition prior to the qualifications and eligibility period beginning for such event, yet subsequently fails to qualify for the competition, is subject to the provisions of this policy including the time periods prescribed herein.

GENERAL ADMINISTRATIVE MATTERS

DATA PROTECTION & PRIVACY

The protection of our players' personally identifiable information is of the utmost importance at the PGA TOUR. BAD WEATHER GUIDELINES

The PGA TOUR Policy Board has approved these guidelines for use by tournament officials in case of bad weather:

1. Every effort should be made to finish each round as scheduled.
2. When unplayable conditions occur, play will be suspended. Play will resume when conditions improve, even when that round cannot be completed that day.
 - Where daylight permits, play may resume the following day, to include completion of the next scheduled round.
 - Where daylight does not permit, the suspended round may be completed the next day. Thus, one round might be completed over a two-day period, depending on how many players had played from the starting tee(s).
3. When the first, second and/or third rounds are cancelled or suspended beyond the third scheduled day, with only one day remaining, every reasonable effort will be made to complete the next scheduled round (first round, or in the event it is the completion of the second round and daylight and conditions permit, determine the cut and complete the 3rd or 4th rounds).
4. In the event of a suspension during the final round, the round will be cancelled if more than half of the field cannot complete the round. If more than half the field completes the round, play should be temporarily suspended and completed when conditions permit. No completion should extend past Monday. In no situation would play resume in order to have at least half the field complete play on Sunday so that play may be extended to Monday. If a competition

is scheduled to finish on Saturday, no completion should extend past Sunday. In no situation would play resume in order to have at least half the field complete play on Saturday so that play may extend to Sunday.

5. For the Tour Championship event, play may be extended to Monday at the discretion of the Chief Referee if golf course conditions and weather permit. However, in no case shall play extend beyond Monday (with the exception of a sudden- death Playoff to determine the winner).
6. Tournament Format: If the tournament utilizes a multiple course format, the number of rounds needed to have players complete one round on each course will be considered. In pro-am events, amateurs may be asked to discontinue once play resumes in an effort to complete play on schedule.

SUSPENSION OF PLAY DUE TO DANGEROUS SITUATIONS

Play may be suspended for such dangerous situations as lightning, tornadoes, etc. If the players in a match or group are between two holes, they must not resume play until the Rules Committee so orders. Players who are playing a hole must discontinue immediately and not resume play until the Committee orders. THE PENALTY FOR BREACH OF THIS CONDITION IS DISQUALIFICATION.

All practice areas shall be closed during a suspension for a dangerous situation until the Rules Committee has declared them open for use. Players who disregard such closing shall be subject to disciplinary action.

NOTE: One blast of a horn signals immediate suspension for a dangerous situation. Three short blasts of a horn signals suspension for a non-dangerous situation. Two short blasts of a horn means play has resumed.

LOCKER ROOM

Locker room access is limited to:

Tournament week:

PRACTICE AREA POLICY

The PGA TOUR Policy Board has adopted the following policy:

Only contestants, their caddies, instructors, managers, media, golf equipment manufacturer (when invited by contestants) tournament representatives and PGA TOUR staff are permitted onto any area designated for practice, (e.g., range, practice putting green, chipping or pitching greens, bunkers and the tournament golf course) during practice rounds.

NOTE: Family members and friends are not permitted inside the ropes on the golf course at any time. Family members are permitted on other designated practice areas when accompanied by the player. Players are expected to use good judgment and discretion when inviting family members onto designated practice areas. Players are responsible for their minor children and their conduct. Only one tournament representative is allowed access to designated practice areas at a time.

On pro-am days, practice by professionals and amateurs not in the pro-am in designated practice areas is prohibited from 30 minutes prior to the first pro-am starting time through the final pro-am starting time, for each segment/wave of tee times. For shotgun starts, practice is prohibited for one hour prior to the shotgun start.

On practice days, after 8:30 a.m. all play must begin from the first tee unless expressly approved by a member of the Rules Committee.

During tournament week practice facilities and the tournament course are for qualified players and the first 10 alternates on the PGA TOUR Americas alternate list unless approved by the PGA TOUR Americas Chief Referee. Qualified players and the first 10 alternates on the PGA TOUR Americas alternate list shall not practice with ineligible players.

The use of permanent markers, paint or other similar products to create lines on the practice putting and chipping greens is not permitted. If marks or lines are created on these surfaces, they must be

done with a non-permanent material, such as a chalk line, which will not damage the turf and will disappear in a short period of time.

GOLF COURSE PREPARATION & SET UP PHILOSOPHY

GENERAL

Golf course preparation and set-up is critical to the PGA TOUR Americas' core mission and has significant ramifications for our players, television partners, tournaments, sponsors, and fans.

For each tournament the objective is to provide a level of difficulty and excitement which identifies the world's best players while 1) maintaining fairness, 2) respecting the features and capabilities of the venue, and 3) providing a dramatic stage for PGA TOUR Americas. Throughout the season, the objective is to provide a variety of golf course set-ups, in conjunction with assessment of the TOUR's evolving business needs as well as monitoring of relevant statistics.

The PGA TOUR Americas Rules & Competitions and Agronomy Staff are responsible for golf course preparation and set-up, with the PGA TOUR Americas Chief Referee having final authority. A Golf Course Review Committee, reporting to the President, will be maintained for the purpose of approving new venues and changes to existing venues, as well as reviewing relevant data and feedback on course preparation and set-up.

Course preparation and set-up is subjective, and situations will occur where objectives are unable to be met. Professional observations and constructive criticism on the preparation and set-up of courses is welcome and should be directed to the Tournament Staff.

PREPARATION

Although abnormal conditions, adverse weather, or venue capabilities will sometimes prevent establishing the desired course conditions, the following will normally be objectives for tournament sites:

Tees: Firm, closely-mown, level and adequately-sized (to the extent possible), in order to provide flexibility.

Fairways: Firm and closely-mown, varying in width according to course and year-long variety.

Greens: Closely-mown with firmness and speed varying for contours, grass-type and conditions, and predicted weather.

Rough: Varying in length and penalty according to course and year-long variety.

Bunkers: Prepared each day in a timely manner with well-defined edges.

Maintenance & Irrigation: Undertaken to achieve the above, but modified as necessary for consistency, adverse conditions, and predicted weather.

SET-UP

Tee placements and hole locations should take into account the following:

- Hole type, difficulty, and length (including forced-carries)
- Design features
- Course conditions
- Predicted weather
- Variety of shot-making and shot-lengths required during the round
- Creation of excitement and drama for television partners, sponsors, and fans, particularly on the finishing holes.
- Weather Guidelines (with respect to completing the competition)
- Pace of play (this will not be a primary consideration)
- Tournament operations & logistics (this will not be a primary consideration)

On par-4's and par-5's one or more teeing grounds may be used. Back tees will not necessarily be used every round or at all. Creation of drama will weigh heavily in identifying holes suitable for set-up as either reachable par-5's or drivable par-4's.

On par-3 holes, tee market placement should vary (if possible) to encourage broader shot selection both on all par-3's during each round and on each par-3 for the week.

Hole locations will generally be a reasonable distance from the green's edge and from contours. However, some hole locations may not be easily accessible, requiring judgement and skill.

MEASURING CONDITION OF PUTTING GREENS

The Rules of Golf state that before a round or playoff on any day of a stroke play competition, a player must not practice on the competition course or test the surface of any putting green on the course by rolling a ball or rubbing the surface. Furthermore, the PGA TOUR has adopted the following policy which applies to PGA TOUR, PGA TOUR Champions, Korn Ferry Tour competitions and PGA TOUR Americas:

On any day of an official stroke play or match play competition, or during official practice rounds and pro-ams, players and caddies are NOT permitted to use any device that measures the condition of any putting green on the competition course (i.e. slope, speed, texture, firmness, friction, or moisture level).

A device specifically designed to be used as a "training aid" may be used on any day on the practice greens or on the competition course during practice rounds.

A player or caddie who does not comply with this policy is subject to disciplinary action under Article VIII. DISCIPLINE, PENALTIES & APPEALS, Section C: Conduct Unbecoming a Professional of the PGA TOUR Tournament Regulations

ANTI-DOPING PROGRAM

All contestants in PGA TOUR Americas events are subject to the terms and conditions of the PGA TOUR Anti-Doping Program. The full terms of the Anti-Doping Program may be found at www.drugfreesport.com/rec or pgatourlinks.com. Questions regarding the Anti-Doping Program should be directed to Andy Levinson, Executive Director, at PGA TOUR Headquarters.

INTEGRITY PROGRAM

All contestants in PGA TOUR Americas events are subject to the terms and conditions of the PGA TOUR Integrity Program. The Integrity Program among other things prohibits players from betting on professional golf and engaging in other betting-related activities and requires players to complete certain educational requirements, in an effort to maintain integrity and prevent betting-related corruption in PGA TOUR events. The full terms of the Integrity Program may be found at pgatourlinks.com. Questions regarding the Integrity Program should be directed to Andy Levinson, Senior Vice President, Tournament Administration, at PGA TOUR Headquarters.

SPONSOR VALUE PROGRAM

The Sponsor Value Program is designed to foster further interaction between tournaments, sponsors and players to provide additional added value to Title Sponsors, tournaments and other various stakeholders through increased player participation at events during tournament week. Types of events include, but are not limited to: Sponsor Dinners, Clinics, Q&A, Pro-Am Draw/Awards Party as well as Charity and Volunteer Visits. Additionally, the Sponsor Value Program furthers PGA TOUR Americas' mission to prepare players for the PGA TOUR and Korn Ferry Tour in a similar environment and system.

Player Relations will notify each player of their Sponsor Value Program commitment via email/text message the previous week. Following this, the tournament will be notified via email/text message of each player that will participate and their assigned program.

PGA TOUR ALCOHOL POLICY

Any member found to have violated any of the following provisions relating to the use of alcohol shall be considered to have engaged in conduct unbecoming a professional and shall be subject to a significant penalty:

- A. Consuming an alcoholic beverage during any practice round or tournament round (whether a pro-am round or a tournament competition round), on the practice tee or putting green.
- B. Moderate, responsible consumption of alcoholic beverages after play or during social functions is permitted. But players should know that alcohol related unprofessional incidents will constitute conduct unbecoming a professional.
- C. A PGA TOUR Americas member's responsibility to conduct himself in a professional manner and lend credit to himself and his organization extends beyond the time that the member is engaging in tournament play at the tournament site. Accordingly, the Membership should be aware that, depending on the circumstances, being under the influence of alcohol at any time in a public place, whether at a tournament site or otherwise, may constitute conduct unbecoming a professional.

The President will conduct such inquiries and investigations as shall be appropriate to determine whether a member has violated the alcohol policy or any interpretations thereof.

PACE OF PLAY POLICY

Rule 5.6b states, in part: "The player should play at a prompt pace throughout the round. To encourage and enforce prompt play, the Committee shall set a Pace of Play Policy." The following Pace of Play Policy, including penalties and fines, for stroke play competitions has been adopted. In the administration of this Pace of Play Policy, a member of the Rules Committee shall not tolerate abuse, oral or otherwise, by a player. Such abuse may constitute conduct unbecoming a professional.

1. DEFINITION AND APPLICATION OF "OUT OF POSITION"

The first group to start will be considered out of position if, at any time during the round, they exceed the time allotted to play, as detailed on the applicable course's Pace of Play Chart.

Any subsequent group will be considered out of position if, at any time during the round, they exceed the allotted time to play, and:

- A. reach a par-3 hole that is open and clear of play, and all players in the group ahead have played their strokes from the teeing area of the next hole, or

- B. reach a par-4 hole or a Par-5 hole and have not played a stroke from the teeing area before the hole is open and clear of play.

NOTE: The Committee reserves the right to time a group when the Committee deems it necessary. Further, if an individual player is determined by the Rules Committee to be unreasonably slow, they may be timed individually at the Rules Committee's discretion, regardless of whether their group is out of position.

2. APPLICATION OF WARNINGS, TIMING AND BAD TIMES

When the Rules Committee determines that a group is starting to fall behind, or is out of position, the group (or individual players within the group) will receive an official warning. Such warning will be given as soon as possible and given only once during a round. In some circumstances, the Rules Committee may commence timing without having given such a warning, including when a group has already fallen significantly behind, and the group or an individual is affecting other groups.

Once a group (or individual players within the group) has been warned, the Rules Committee (if available to do so) will monitor the pace of individual players in the group to determine if any players should be timed individually, as opposed to the entire group, in the case the group does not regain its position on the course.

WHEN THE TIME STARTS AND THE TIME ALLOWED FOR A STROKE

Other than on the putting green, the timing of a player's stroke will begin when it is their turn to play and they can play without interference or distraction. Players will be allowed a reasonable amount of time to find a fixed reference point (such as a sprinkler head) and pace back to their ball. Time spent calculating and interpreting that yardage and determining club and other conditions (such as wind), will count as time taken for the next stroke.

On the putting green, the timing of a player's stroke will begin when it is their turn to play and they can play without interference or distraction. Players will be given a reasonable amount of time to complete the actions allowed under Rules 13.1 and 15.1, provided the player is not unreasonably delaying play. Time spent assessing the line of play and other conditions (such as slope or grain), will count as time taken for the next stroke.

NOTE 1: A player is permitted 40 seconds to play a stroke, and an extra 10 seconds (for a total of 50 seconds) will be allowed for:

- A. the first player to play a stroke on a par-3 hole;
- B. the first player to play a second stroke on a par-4 or par-5 hole;
- C. the first player to play a third stroke on a par-5 hole;
- D. the first player to play around the putting green;
- E. the first player to play on the putting green.

NOTE 2: Bad Times apply when a player exceeds the applicable time to play a stroke when being timed. The player will be given a bad time and informed by the referee as soon as practicable.

3. DEFINITION AND APPLICATION OF EXCESSIVE STROKE TIMES (EST's)

Excessive Shot Times apply when a player exceeds:

- A. 120 seconds for the first player in a group to play a stroke.
- B. 100 seconds for subsequent players in the group to play a stroke.

If a player is observed by a referee to take more than 120 seconds to play a stroke when first to play, or 100 seconds to play a stroke for subsequent players without a valid reason, they will be given an Excessive Stroke Time. The player will be informed as soon as practical by the referee and may be timed individually, regardless of the group's position.

An Excessive Stroke Time must be observed by a referee on-course and in-person. However, the referee may choose to confirm the actual shot time with the assistance of video footage.

NOTE: All Excessive Stroke Times accumulated during the round or season are subject to monetary fines.

4. PENALTY STROKES DURING A TOURNAMENT – BAD TIMES

First Offense:

One (1) timing exceeding the applicable time to play a stroke (one bad time) - **a one (1) stroke penalty.**

Second Offense:

One more timing (total of two) exceeding the applicable time to play a stroke (two bad times) - **a two (2) stroke penalty.**

Third Offense:

One more timing (total of three) exceeding the applicable time to play a stroke (3 bad times) - **Disqualification.**

NOTE: Any timing exceeding the applicable time to play a stroke (bad time) will be carried over throughout the tournament.

5. FINES CUMULATIVE DURING A SEASON – TIMINGS, BAD TIMES & EXCESSIVE STROKE TIMES

"Season" is defined as all official Segment I and Segment II events combined. All timings, bad times and excessive stroke times accumulate during the season.

A. WARNINGS

Official Pace of Play warnings are issued to groups or individuals as a courtesy to remain in position.

B. TIMINGS

First through ninth (9th):

- First through ninth (9th) occasion of being timed - no fine.

Tenth (10th) Offense:

- Tenth (10th) occasion of being timed - a fine of \$500

Eleventh (11th) and Subsequent Offenses:

- Eleventh (11th) and subsequent occasion of being timed - a fine of \$125 for each offense

NOTE 1: Timings will accumulate throughout the season.

C. BAD TIMES

First Offense:

- First timing exceeding the applicable time to play a stroke (1 bad time) - no fine.

Second Offense:

- Second timing exceeding the applicable time to play a stroke (2 bad times) - a fine of \$250

Third and Subsequent Offenses:

- Third and subsequent timings exceeding the applicable time to play a stroke (3 bad times) - a fine of \$500

D. EXCESSIVE STROKE TIMES (EST'S)

First Offense:

- First timing exceeding the applicable 120 or 100 seconds to play a stroke (1 excessive stroke time) – no penalty.

Second Offense:

- Second timing exceeding the applicable 120 or 100 seconds to play a stroke (2 excessive stroke times) – a fine of \$250

Third and Subsequent Offenses:

- Third and subsequent timings exceeding the applicable 120 or 100 seconds to play a stroke (3 or more excessive stroke times) – a fine of \$500

NOTE 1: Excessive Stroke Times exceeding the applicable time to play a stroke will accumulate throughout the season.

6. REPEAT OFFENSES

Any player that receives a fine under this pace of play policy for timings, bad times, excessive stroke times will be subject to double the existing fine structure the following season. For each consecutive season beyond one season in which the player is subject to fines under the policy, the fine amount will continue to double from the previous season. (NOTE: Any player who receives a fine under this policy on PGA TOUR Americas will not be subject to double the existing fine structure in their first year on the PGA TOUR and Korn Ferry Tour.)

In addition, a player who exceeds ten (10) timings infractions in more than one season and shows no improvement over the course of a season, may be subject to further sanctions under the Conduct Unbecoming a Professional regulation. This may include but is not limited to suspension and/or other measures designed to help the player improve his pace of play including mandatory education, additional fines, or other requirements.

7. APPEALS

Any appeal of a bad time or excessive shot time must be referred to the on-site Chief Referee immediately upon completion of the player in question’s round. The Chief Referee’s decision shall be final. **If the player in question does not appeal immediately upon conclusion of his round, any penalties and fines shall stand.**

A player may not appeal any occasion of being timed.

For excessive stroke times a provision has been added to account for “a valid reason for taking longer” on an individual shot. This is purposely broad in order to account for the wide range of situations a player can encounter on the course and will be interpreted in a reasonable way by the Rules Committee.

8. DETERMINATION OF TIME ALLOTTED FOR PLAY FOR THE ROUND

The Rules Committee will determine the amount of time that an ‘average group’ of players is expected to play a round in groups of two, three or four. Each hole to be played will be assigned an amount of time using the below framework as a guiding principle:

<Insert Table>

Additional, or less time, may be allotted to a given hole based on the following four factors:

- 1. Length of the hole
- 2. Difficulty of the hole
- 3. Length and topography of walk between the green and tee/shuttle time
- 4. Historical data of the average time taken to play the hole

Once the ‘Time Chart’ has been finalized (typically no later than Wednesday of tournament week), it will be displayed on the player and caddie notice boards, including the virtual locker room and available at the starting tees.

In the event of adverse or unexpected weather, the Rules Committee will make the necessary adjustments in the field.

RETURN OF SCORECARD

The following term of the competition defines when a scorecard is returned to the Committee, as referenced by item 19 “Scorecard Returned” on the 2025 Local Rules and Terms of Competition document (hard card).

“Under Rule 3.3b, a player must promptly proceed to the scoring area once their round is completed, and the player’s scorecard is returned to the Committee 15 minutes after the scorecard is accepted into the electronic scoring system.

But if a scorecard mistake is discovered before it is accepted into the electronic scoring system and the player is not in the scoring area to correct that mistake, the player’s scorecard is returned 15 minutes after that mistake is discovered.

Exception 1: If the player is in the scoring area when the 15-minute time limit expires, the player’s scorecard is only returned when the player leaves the scoring area.

Exception 2: A player’s scorecard is returned if any of the following four events occur, even if it occurs before the 15-minute time limit has expired or the player is still in the scoring area:

- Starting times have been released after a cut has been made.
- The player begins their next round.
- Any player has made a stroke to begin a play-off.
- The competition has closed.

NOTE: When applying the Exception to Rule 3.3b(3) or under any Rule where a player must correct a mistake before returning their scorecard (such as Rule 14.7c), the player’s scorecard is returned when the player has left the scoring area.”

RESHUFFLE PROCEDURE

In accordance with Section IV A.1 (k) and (l) of these Tournament Regulations, the first reordering of conditional categories will take place after the conclusion of the 4th event and the 7th event of Segment II. Reorders will occur after the conclusion of the Osprey Valley Open and the CRMC Championship.

PROCEDURES FOR DUALY COMMITTED PLAYERS

Korn Ferry Tour members in categories (u) through (z), (aa), (hh), and (ii) of Article III, Section A-1, are eligible for and may commit to both PGA TOUR Americas and Korn Ferry Tour events scheduled for the same week. If any such player is in the field of both events at the Korn Ferry Tour commitment deadline, he shall notify PGA TOUR Headquarters of his intention to play either the PGA TOUR Americas event or the Korn Ferry Tour event in the following week not later than 3 p.m. (Eastern Time) on Monday of the tournament week in question. Failure to notify PGA TOUR of his intentions by the 3 p.m. Monday deadline, will cause the player to be placed in the Korn Ferry Tour tournament field (provided he is still eligible).

A player who is an alternate for the Korn Ferry Tour event and is in the PGA TOUR Americas event must notify PGA TOUR Headquarters by 5 p.m. Eastern Time on Wednesday of tournament week of his intention to play the PGA TOUR Americas event. If he notifies the PGA TOUR Headquarters that he intends to play the PGA TOUR Americas event (of if he fails to give such notification), then he shall cease to be an alternate for that week's Korn Ferry Tour event and shall remain in the PGA TOUR Americas field.

POLICY FOR USE OF GOLF CARTS BY DISABLED INSTRUCTORS

PGA TOUR, Korn Ferry Tour and PGA TOUR Americas members have made requests that instructors with disabilities who are physically unable to walk the golf course be permitted to use golf carts while accompanying players during practice rounds.

While we will make every effort to accommodate disabled instructors who need golf carts, we remind the players that additional golf carts on site at tournaments create numerous logistical and safety concerns. As such, we have attempted over the last several months to work closely with television networks, local media, and the tournament organizations to reduce the overall number of carts.

Nonetheless, the following policy shall be applicable for members seeking the use of a golf cart for a disabled instructor.

- The request for the use of the cart must be made by the PGA TOUR or Korn Ferry Tour member.
- In requesting the use of a cart for an instructor, the PGA TOUR or Korn Ferry Tour member must indicate the name of the instructor, the nature of the instructor's disability, and if requested by PGA TOUR, provide medical reports or other data indicating the extent and nature of the instructor's disability.

- A request must be made for each individual tournament and must be made no later than 2 weeks prior to that tournament.
- The Korn Ferry Tour Chief Referee after reviewing the request, documentation submitted with the request, and after further discussions with the member and/or the particular instructor, if necessary, will make a determination as to whether a cart should be issued to the instructor. Carts will be made available only to instructors who have a disability that prevents them from walking along with their players. The Chief Referee's decision shall be final.
- If a cart is issued to the instructor, the following rules relating to the use of the cart shall apply.
 - Carts will be issued only on designated practice rounds days (normally Monday, Tuesday and Wednesday) of tournament week.
 - Only the instructor (not the player) may ride in the cart. - Cart use shall be restricted to out-of-fairway areas as specifically designated by Chief Referee.
 - Carts will not be permitted in designated practice areas (e.g., range, putting green, etc.) at any time.
 - If, in the Chief Referee's opinion, use of the cart could potentially damage the playing surface of the golf course (e.g., due to wet conditions), the Chief Referee shall have the right to deny the use of a cart.
 - The cart shall be picked up from the location specified by the Chief Referee and returned to that location.

* No more than three carts may be utilized by instructors at any one time. To the extent that more than 3 carts are requested at any one time, the Chief Referee shall establish a schedule during practice rounds for the use of such carts.

We appreciate the membership's cooperation with these policies as we believe they strike the appropriate balance between the memberships need to accommodate their disabled instructors while, at the same time, not unfairly hindering practice rounds by other members or endangering the safety of spectators and others at tournament sites

INTERNET POLICY

The PGA TOUR creates a section within PGA TOUR.COM with information about each member.

Each player's site consists of players photos, a biography consisting of data similar to the information found in the Media Guides, statistics, results from the current year's tournaments, a scorecard from the most recent tournament played, and related stores and content.

The PGA TOUR recognizes that in the age of the internet, PGA TOUR members may be launching or re-launching their **own web sites to support their fans, their sponsors, and their personal business ventures.**

At the written request of a PGA TOUR member, PGA TOUR.COM will link to such player's "official player site" from that particular player's page on PGA TOUR.COM so long as there is a reciprocal link back to PGA TOUR.COM from the "official player site" home page.

Keep in mind that a PGA TOUR member's marketing rights have specific parameters regarding the use of the PGA TOUR name, marks, or logo. These parameters also apply to online usage.

In addition to linking capabilities and the use of TOUR marks, PGA TOUR.COM will attempt to assist any member in his online ventures. Please contact the Player Relations Department or the PGA TOUR.COM department (Scott Gutterman – x4892) with additional questions.

DATA & PROTECTION POLICY

The protection of our players' personally identifiable information is of the utmost importance at the PGA TOUR. Such information is used by PGA TOUR to administer the tournaments operated and/or sanctioned by PGA TOUR, provide membership benefits, and provide PGA TOUR players with information relating to membership, products, services, news and promotions of PGA TOUR and its affiliates. In light of new laws coming into effect such as the European Union's General Data Protection Regulation, the PGA TOUR has developed a Data Protection & Privacy Compliance Working Group to focus on the safeguards and best practices for the collection and processing of personal data. Devices should be kept on silent or vibrate mode.

- Players may use other electronic devices (rangefinders, launch monitors, video cameras for instruction, heart monitors, pedometers, electronic watches with health monitoring sensors and other wearables, etc.) in designated practice areas and on the competition course, but only with proper etiquette and in a manner that does not affect the practice rounds of other players.

- In designated practice areas and on the competition course players may use a mobile device for other data services and capturing content, but only with proper etiquette and in a manner that does not distract or affect the pace of other pro-am players.
- In designated practice areas and on the competition course players may use other electronic devices, as defined above, but only with proper etiquette and in a manner that does not distract or affect the pace of other pro-am players.

DURING OFFICIAL COMPETITIONS

- During a competition round players are prohibited from using a mobile device for all communication purposes (voice calls, text, email, etc.), data services, or for capturing content.
- In designated practice areas, before or after a competition round, players may use a mobile device for communication purposes, data services and for capturing content if done in a courteous or silent manner that does not affect other players.
- In designated practice areas, before or after a competition round, players may use other electronic devices, as defined above, but only with proper etiquette and in a manner that does not affect other players.
- Mobile and other electronic devices are permitted during competition for items allowed under the Rules of Golf, including but not limited to:

 - (c) Accessing a weather forecast;
 - (d) Accessing tournament scoring; and

However, when using a mobile or electronic device during competition, players and caddies are responsible to know items NOT allowed under the Rules of Golf, including but not limited to:

- (a) The Rules Committee may authorize other mobile device use, but only in extreme cases; and
- (b) The use of mobile devices by players for capturing and distributing social media content must comply with the PGA TOUR official policy for players posting/streaming to social media on site at tournaments.

GUIDELINES OF PLAYERS' USE OF SOCIAL MEDIA AT EVENTS

All contestants in PGA TOUR events are subject to the terms and conditions of the PGA TOUR Official Policy for Players Posting/Streaming to Social Media on site at events. The full terms of the Policy may be found at pgatourlinks.com.

GUIDELINES FOR PLAYERS' USE OF ELECTRONIC THERAPY DEVICES

The use of electronic stretching devices, such as massage therapy guns, for medical purposes is permitted under the Rules of Golf. However, the use should not delay play, be of short duration, be discreet and not be used for any other than medical or stretching purposes. The device may not provide any other function that is prohibited under the Rules.

PLAYER ENDORSEMENT POLICY

All sponsorships, endorsements, name and likeness arrangements and promotional activities (collectively, "sponsorships") of members, whether during or outside PGA TOUR competitions, are subject to this policy. When playing in PGA TOUR co-sponsored, sanctioned, or approved events, non-member contestants are subject to this policy as well. Generally, all sponsorships must be tasteful and in accordance with standards of decorum expected of professional golfers.

Sponsorships that may reflect adversely upon the image and reputation of the PGA TOUR, cast the PGA TOUR in an unfavorable light, insult or offend the community or any group within the community or be viewed as hateful, abusive, obscene or divisive, as reasonably determined by the PGA TOUR, are prohibited. Further, the following addresses categories of special concern:

Season-Long Points Competition Sponsor FedEx. In recognition of the unique standing of FedEx as the sole sponsor of a season-long points competition on the PGA TOUR, so long as FedEx is the season-long sponsor of the PGA TOUR, no sponsorships are allowed by FedEx competitors United Parcel Services ("UPS") or DHL Express ("DHL") that involve displaying the name, logo or any product likeness of either company on a player's apparel, headwear, golf bag or golf equipment. Such provision shall apply during PGA TOUR co-sponsored, sponsored and sanctioned events to members only. Players with existing sponsorship agreements as of January 1, 2017 with either UPS or DHL will be allowed to continue or extend such relationship but may not expand upon the contractual branding or endorsement obligations in such relationships.

Competing Tours. In order to protect the financial interest of the membership as a whole, and so not as to allow others to freeride on the PGA TOUR's platform, no player may display on his person, bag, hat or otherwise the marks or indicia of an entity or brand that operates, sanctions, sponsors, funds and/or co-sanctions unauthorized tournaments or teams participating in unauthorized tournaments without prior written permission of the PGA TOUR.

Tobacco / Marijuana. No sponsorships of any sort are permitted by companies selling tobacco products (including, starting March 1, 2019, cigars and tobacco smoked in pipes), smokeless tobacco products (including e-cigarettes and vaping products) and marijuana products (recreational and medicinal). However, a player may make appearances for any such company as long as the appearances are private and not promoted or covered publicly. Players with existing sponsorships by companies selling cigars and tobacco smoked in pipes as of March 1, 2019, will be allowed to continue or extend such sponsorships after such date but may not expand such sponsorships after such date.

Alcohol. A player may have a sponsorship by a beer, wine, distilled spirit or other alcohol company, subject to the following terms and conditions:

- Any ads and other promotions (using a player's name or likeness) for any alcohol company must include a social responsibility message and cannot include a direct call to action (e.g. "Call 1-800-555-5555 or visit us at www.xyz.com" or "Drink XYZ Distilled Spirit").
- A player may not display more than one name, brand, logo or other mark or identifier of any alcohol company on the player's apparel, headwear, golf bag and golf equipment in the aggregate at any time.
- No visual representation of any alcohol product (e.g., liquor bottle, etc.) may appear on a player's headwear, apparel, golf bag or golf equipment.

Gambling and Casinos. A player may have sponsorships by casinos and other legal gambling companies, except for a sponsorship in the United States by a company whose primary purpose is sports betting, as reasonably determined by the PGA TOUR. For example, a player may have a worldwide sponsorship by MGM Resorts or Caesars, or a sponsorship outside the United States

by Bet365, but not a sponsorship in the United States by Bet365 (to illustrate, a player could have an agreement for Bet365 to use his name and likeness in an ad for its sportsbook that runs in Asia, as long as it does not run in the United States and there is no promotion or activation in the United States). Sponsorships by gambling companies are further subject to the following terms and conditions:

All sponsorships by gambling companies require the prior approval of the PGA TOUR. All sponsorships must be submitted to the PGA TOUR Competitions department in advance for review and approval.

- The gambling company must be in compliance with all applicable gambling laws.
- Daily fantasy companies (e.g., DraftKings and FanDuel) are treated as “gambling companies” for purposes of this policy, but not companies “whose primary purpose is sports betting.” Accordingly, DraftKings and FanDuel are treated for purposes of this policy like MGM Resorts and Caesars, not Bet365 and William Hill.
- On a worldwide basis, a player may display on the player’s apparel, headwear, golf bag or golf equipment any name, brand, logo, or other identifier of a gambling company, excluding a gambling company whose primary purpose is sports betting, as reasonably determined by the PGA TOUR. For example, a player may display “MGM Resorts,” “MGM Casinos,” “playMGM” (the brand of MGM’s mobile betting app), “Foxwoods Resort & Casino,” “FanDuel,” or “FanDuel Sportsbook,” but not “William Hill” or “Bet365” (inside or outside the United States).
- No visual representation of any gambling-related product (e.g., cards or dice) may appear on a player’s headwear, apparel, golf bag or golf equipment.
- A player may not display on the player’s apparel, headwear, golf bag or golf equipment more than one gambling- related identifier in the aggregate at any time.
- A player may publicly appear and otherwise be used in ads and other promotions for sports betting and daily fantasy generally, excluding ads and other promotions in the United States if the company’s primary purpose is sports betting, as reasonably determined by the PGA TOUR. Further, the player may promote daily fantasy golf but may not promote betting on golf anywhere in the world. For example, a player may appear in a worldwide ad for MGM Resorts encouraging consumers to download the MGM mobile betting app, or a worldwide ad for DraftKings encouraging consumers to play daily fantasy golf, but not an ad to bet specifically on golf (and not an ad in the United States for Bet365). Further, the ad or promotion must include a responsible gambling or social responsibility message (e.g., “Please remember to bet responsibly”).
- A player may not have a sponsorship in the United States by a company whose primary purpose is sports betting, as reasonably determined by the PGA TOUR. However, a player may make appearances in the United States for any such company as long as the appearances are private and not promoted or covered publicly.

- A player may not enter into any sponsorship or other agreement that provides compensation to the player based on any sports betting activity (e.g., a player may not receive a revenue share based on the “handle” or revenues from sports betting).

Logo / Mark Size, Location and Quantity. All names, brands, logos and other marks and identifiers (“marks”) on a player’s apparel, headwear, golf bag and golf equipment must be in good taste as to content, size, location and quantity, as reasonably determined by the PGA TOUR. Further, all marks must satisfy the following specific terms and conditions:

- A mark (other than a mark on a golf bag) may not exceed three by five inches (3”x5”).
- Marks on upper torso apparel (including shirts, sweaters, outerwear, and upper torso underwear, but excluding, for clarity, belts and headwear) may appear only at the following seven locations: right and left breast, right and left sleeve, right and left collar, and the yoke of the back (i.e., just below the collar). Only one mark may appear at each such location (i.e., seven logos total are permitted for upper torso apparel).
- Marks on belts may appear only on the buckle or front buckle area. Only one mark may appear on a belt.
- Marks on lower torso apparel (including pants and outerwear, but excluding, for clarity, belts and footwear) may appear only at the following locations: the right or left back pocket area (but not both back pocket areas) and below the right or left knee (but not below both knees). Only one mark may appear at each such location (i.e., two logos total are permitted for lower torso apparel).
- The location of marks is otherwise not restricted, but all marks must satisfy the good taste requirement set forth above.

Golf Outings. Golf outings for all companies are subject to the conflicting events terms set forth in Section A-2 of Article VI.

NOTE: The sum of players eligible for the pro-am from these three categories (a), (b), (c), and (d) shall be 44 players or 96 players when using the 9 & 9 format.

- (e) The host organization shall have the right to choose the remaining professional players to fill the pro-am field without regard to the current season's Points List.

For events in which there is no official points list as of the respective commitment deadline (i.e. early season tournaments), the professionals eligible for the pro-am shall be determined as follows and in the following order of priority:

- (a) PGA TOUR Americas winners from the previous season.
- (b) The Top 80 points leaders from the prior season's Fortinet Cup Points List
- (c) Additional PGA TOUR Americas members: Players from those eligible for the tournament pursuant to Section A.1 (d - s) of Article III (i.e First Stage Winners, Top Finisher APGA, Global Amateur Pathways, etc.).

NOTE: The sum of players eligible for the pro-am from these three categories (a), (b) and (c) shall be 44 players or 96 players when using the 9 & 9 format.

- (d) The host organization shall have the right to choose the remaining professional players to fill the pro-am field without regard to the current season's Official Points List.

NOTE: Professionals playing in the pro-am in the current season's official PGA TOUR Americas Points List category, who are required to play in all pro-ams, may be excused at the discretion of the PGA TOUR Americas Chief Referee twice per season. A player wishing to be excused from the pro-am must submit his request to PGA TOUR Americas by 5:00 p.m. Eastern Time Friday of the week preceding tournament week. Players may not use an excused absence for The Tour Championship.

NOTE: At the beginning of each season, PGA TOUR Americas members will be given the opportunity to select their pro-am starting time preference. Pro-am starting time preference shall be given to players in the order of their standing on the current season's Scotiabank Cup Points List as of the commitment deadline for that event. For events in which there is no official points list as of the respective commitment deadline (i.e. early season tournaments), pro-am starting time preference shall be given to players in the same order for which they are eligible for the official competition.

A commitment to enter a tournament is also a commitment to play in a related pro-am at the tournament course, if the player is so eligible for the pro-am. A player failing to meet any such pro-am obligation shall incur an automatic penalty of \$250. Repeated failure of a professional player to participate in a pro-am field for which he is eligible shall be considered conduct unbecoming a professional golfer and subject to disciplinary action by PGA TOUR.

If, in the judgment of the Chief Referee, adverse weather conditions or any other occurrence or condition beyond the control of PGA TOUR or the host organization renders commencement or continuation of the pro-am inadvisable in its originally scheduled format, the Chief Referee in his discretion may postpone, cancel, or alter play therein.

The preferred format for the pro-am competition is one (1) best-ball of the team. In no case shall two (2) or more best-balls of the team be used. At the option of the host organization, the pro-am may be conducted using the scramble format or the select-drive format. Other general terms and conditions of such pro-am as described herein shall be applied, provided that each professional player in the pro-am will play the stroke play format and will not be a part of the amateur scramble competition other than the use of his score on a hole.

8. Best Efforts; Withdrawals

In making a commitment to participate in a cosponsored event, a player thereby obligates himself to attempt to exercise his maximum golf skill and to play in a professional manner.

After making a commitment to participate in a tournament, a player shall not withdraw, either before or after signing an entry form for such tournament, except that:

- A. Prior to the commitment deadline, a player may withdraw for any reason.
- B. After the commitment deadline and before the tournament has commenced, a player may withdraw because of injury or other disability which requires medical attention, or serious personal emergency. The player shall immediately notify PGA TOUR of his reason for withdrawal, and within a period of 14 days submit written evidence supporting such reason to the President.

In no situation would play resume in order to have at least half the field complete play on Sunday so that play may be extended to Monday. If a competition is scheduled to finish on Saturday, no completion of the final round should extend past Sunday (in accordance with the above guidelines). In no situation would play resume in order to have at least half the field complete play on Saturday so that play may extend to Sunday (in accordance with the above guidelines).

For the PGA TOUR Americas Fortinet Cup Championship, play may be extended to Monday at the discretion of the Chief Referee if golf course conditions and weather permit. However, in no case shall play extend beyond Monday (with the exception of sudden-death play-off to determine the winner).

In the event of cancellation of any part of a tournament, prize money shall be distributed among the lowest scorers after the last completed round of play in the same number, amounts and order as for the originally scheduled number of holes. If a tournament is shortened to less than four (4) official rounds and there is a tie for first place, there will be a playoff at a convenient time as determined by the Chief Referee. The tournament will be considered "official" for purposes of determining official points if at least two (2) official rounds have been completed. The tournament will be considered "official" for purposes of determining official wins if at least three

(3) rounds have been completed.

If less than one official round of the tournament is completed as the result of any cancellation, the host organization and PGA TOUR shall not be required to pay any prize money. In an open tournament, the host organization shall refund all tournament entry fees paid.

If, however, at least one official round is completed, the host organization and PGA TOUR shall pay 50 percent of the purse, which shall be divided equally among all players in the starting field. If at least two official rounds are completed, the host organization and PGA TOUR shall pay 100 percent of the purse, which shall be distributed among the lowest scorers after the last completed round of play in the same number, amounts and order as for the originally scheduled number of holes.

Tournaments shall begin playoffs on the 18th hole unless the Chief Referee determines that another hole should be used because of mitigating circumstances.

The winner of any playoff shall be deemed to have placed first in the tournament and his prize money determined accordingly. The loser of any playoff involving two players shall be deemed to have placed second and shall be entitled to second-place prize money. If a playoff involves more than two (2) players, those other than the winner shall be deemed to have tied for second place regardless of their scores in the playoff, and their prize monies shall be apportioned accordingly. The determination of all prize monies shall be under the direction of the Chief Referee.

4. Distribution Of Purses

The purses of all cosponsored tournaments shall be distributed to the low finishers therein as determined or approved from time to time by the PGA TOUR Policy Board.

VI. CONFLICTING EVENTS; MEDIA AND MARKETING RIGHTS

A. CONFLICTING EVENTS

1. Obligations of PGA TOUR

On a date on which any PGA TOUR Americas cosponsored event is being played, PGA TOUR will not cosponsor or approve any other similar golf event without the advance written consent of the host organization of the first scheduled PGA TOUR Americas event, which consent shall not be unreasonably withheld. "Similar golf event" means a tournament of the same type (i.e., PGA TOUR Americas event). For example, PGA TOUR shall not be prohibited under this section from holding a PGA TOUR (Regular TOUR), PGA TOUR Champions, Korn Ferry Tour or PGA TOUR Americas event on the same dates as a PGA TOUR Americas Tour event.

2. Obligations of PGA TOUR Americas Members

In any week when a PGA TOUR, PGA TOUR Champions, Korn Ferry Tour, or PGA TOUR Americas cosponsored tournament is scheduled, no PGA TOUR Americas member shall participate in any golf activity (including public exhibitions, clinics and pro-ams) in the same geographic area as such PGA TOUR, PGA TOUR Champions, Korn Ferry Tour, or PGA TOUR Americas tournament without the prior approval of the President. Nothing in the foregoing shall preclude PGA TOUR Americas members from playing in "outings" during the week of a cosponsored tournament. As used herein, an "outing" refers to an event in which a player or players are invited by a company to entertain its customers, without any broadcast or electronic portrayal of play and without public gallery.

B. MEDIA AND MARKETING RIGHTS

1. Media Rights

- (a) The television, radio, motion picture and all other media rights of all players participating in PGA TOUR Americas tournaments, pro-ams or any other golf event conducted in conjunction with cosponsored events (e.g., clinics, long-drive contests, etc.), or any portion thereof, shall be granted and assigned to PGA TOUR. The President's approval of any members(s) participating in any golf program covered by this rules may be subject, without limitation, to the sponsor, promoter, television producer and/or other parties involved in the golf program entering into a sanctioning

or other agreement with the PGA TOUR, including an acknowledgement of PGA TOUR's media rights and the payment of rights fees to PGA TOUR, therefore, and to such other conditions as are designated by the President.

*While wholly instructional programs have been exempted from the scope of this rule by the PGA TOUR Policy Board, any PGA TOUR Americas member participating in such a program is nonetheless required to obtain an agreement from the producer of the program or other appropriate party that the program will not be shown or distributed at the same time as any scheduled live coverage of a PGA TOUR cosponsored, approved or coordinated tournament. The "on-demand" distribution of a wholly instructional program will not violate this rule as long as the program is not debuted during live coverage.

2. Marketing Rights

- (a) Aside from the assignment of individual television and similar rights provided for herein, nothing in these Regulations or in marketing programs adopted by the PGA TOUR Americas shall be deemed to restrict any member's individual marketing rights (e.g., promotions, endorsements, licensing, etc.).

Neither players nor other individuals acting on such players' behalf shall solicit or accept any compensation, gratuity or other thing of value offered for the purpose of guaranteeing their appearance in any PGA TOUR Americas cosponsored golf event, including any pro-am event played in connection therewith, except as may be specifically authorized by the Policy Board prior to the event.

Speech that could be reasonably viewed as hateful, abusive, obscene and/or divisive is expressly prohibited. Responsible expressions of legitimate disagreement with PGA TOUR policies are not prohibited. However, public comments that a member knows, or should reasonably know, will harm the reputation or financial best interest of PGA TOUR, a fellow member/player, a tournament sponsor or a charity are expressly covered by this section. Any violation of this section shall be considered conduct unbecoming a professional.

A player whose PGA TOUR Americas membership is terminated for playing performance reasons (i.e., for failing to retain his exempt status) shall be eligible for reinstatement to such membership if he subsequently becomes eligible under Section A of this Article X.

If a player's membership in the PGA TOUR Americas shall be terminated for any reason other than the foregoing, he shall not be eligible for reinstatement to membership for at least six (6) months from such termination, except on the affirmative vote of two-thirds of the members of the PGA TOUR Policy Board.

D. MEETINGS OF PLAYER MEMBERS

1. Annual Meeting

The annual meeting of the members of the PGA TOUR Americas shall be held annually, on a date and at a place to be determined by the President at least 60 days prior to the holding thereof. Players invited to attend shall include all regular members of the PGA TOUR Americas. All PGA TOUR Americas members in the field shall be required to attend. Failure to do so will result in a fine.

2. Special Meetings

Special meetings of members of the PGA TOUR Americas shall be held whenever called by the President upon the written request of two (2) or more of the Player Directors of the PGA TOUR Policy Board or upon the filing with the President of a petition signed by not less than 25 percent of the regular members of the PGA TOUR Americas. Within 30 days of the receipt of such request or petition, the President shall schedule and give notice of such meeting.

3. General Provisions

- (a) So far as practicable, meetings shall be scheduled at a place and time convenient to the members, preferably at the site of and within two (2) days of the commencement of a PGA TOUR Americas cosponsored event.
- (b) Notice of each meeting of the members shall be mailed to each member, addressed to such member at his address as it appears on the records of PGA TOUR, not less than 10 nor more than 30 days before the scheduled date of such meeting. Each such notice shall state the place, date and hour of the meeting and the purpose called. No notice of any meeting need be given, however, to any member who personally appears thereat or signs a written waiver thereof, whether before or after such meeting, and no notice need be given of any adjourned meeting of the members if the time and place of such adjourned meeting are announced at the meeting at which the adjournment is taken, provided the adjournment is not for more than 21 days. Any business may be transacted at any adjourned meeting which might have been transacted at the meeting as originally scheduled.
- (c) The presence, in person, at any meeting of a majority of all the regular members shall constitute a quorum for the transaction of business. In the absence of a quorum, a majority of the members present or, if no member is present, any officer of PGA TOUR present, may adjourn the meeting for a period not exceeding 21 days in any one case.
- (d) Each member present at meetings of members shall be entitled to one (1) vote in person on all matters with respect to which members may vote. All matters voted upon by the

members at any meeting of the members shall be decided by the vote of a majority of the members present.

- (e) Nothing herein shall preclude the scheduling by PGA TOUR of additional informal player meetings.

E. AMENDMENTS

These Tournament Regulations may be amended or repealed at any meeting of the PGA TOUR Policy Board as provided in Article IX, Section H of the PGA TOUR Tournament Regulations.

XI. COSTS AND EXPENSES OF LITIGATION

If any member of PGA TOUR shall institute any legal action or other proceeding against PGA TOUR and such member does not obtain the relief requested in such action, such member shall reimburse PGA TOUR for all costs and expenses incurred by PGA TOUR in connection with such action, including without limitation, reasonable attorneys' fees, whether incurred in preparation of trial, at trial, on appeal or in bankruptcy proceedings.

If such member does obtain the relief requested in such action, PGA TOUR shall reimburse such member for all costs and expenses incurred by such member in connection with such action, including without limitation, reasonable attorneys' fees, whether incurred in preparation of trial, at trial, on appeal or in bankruptcy proceedings.

In the event any such action or proceeding is settled or resolved other than by a final determination of a court or other tribunal, such member shall not be entitled to recover costs, expenses or attorneys' fees against PGA TOUR unless PGA TOUR expressly agrees otherwise as part of such settlement or resolution.
